

ANTICIPATING FUTURE SKILLS

Logan - Beaudesert Region

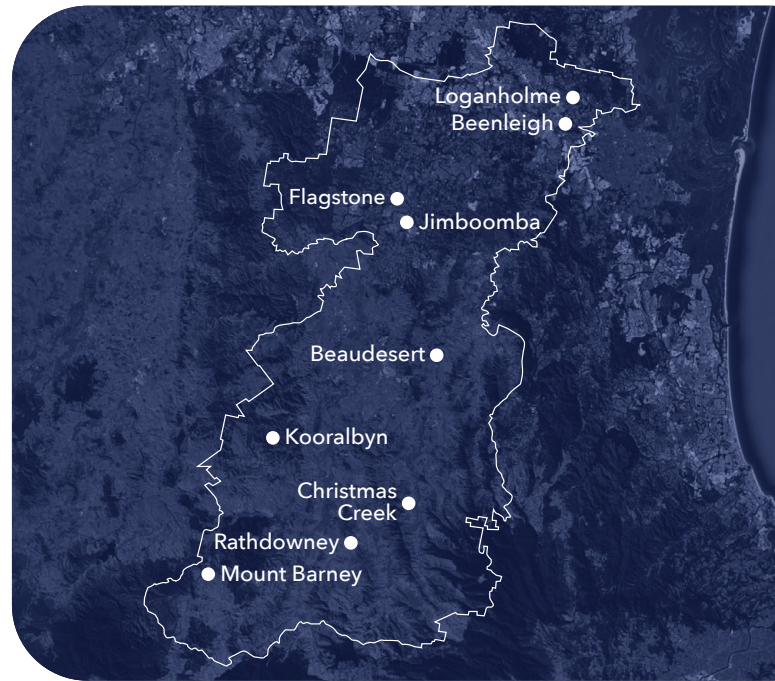

The Logan - Beaudesert region is projected to be the second-fastest-growing region in Queensland - experiencing above-average employment growth by 2027-28. This is reflected in strong employment projections for many industries, including health care and social assistance, education and training, and professional, scientific and technical services.

By 2027-28, it is projected* that there will be:

151,192 people employed in this region

+9,320 additional workers since 2023-24

By 2027-28, Logan - Beaudesert is projected to experience the second-fastest increase in employment in Queensland. It is projected to comprise 5.0% of the state's workforce.

* Projections are based on the 2024-25 State Budget and are not directly comparable to subsequent Budget Update forecasts for aggregate employment growth. As these projections are high level, indicative and subject to change, it is recommended that the focus be on employment trends rather than the numbers in isolation. The regions used in this project are based on Statistical Area Level (SA4) regions, as defined by the Australian Bureau of Statistics. There are 19 SA4s in Queensland; the five Brisbane SA4s have been combined in this report to take into account the larger natural labour market. Queensland - Outback SA4 has been disaggregated into its SA3 components. Data is based on Place of Work.

By 2027-28, it is projected that the Logan - Beaudesert workforce will be employed within:
