

ANTICIPATING FUTURE SKILLS

Arts and recreation services

The arts and recreation services industry engages in the preservation and exhibition of objects and sites of historical, cultural or educational interest; the production of original artistic works and/ or participation in live performances, events, or exhibits intended for public viewing; and the operation of facilities or the provision of services that enable patrons to participate in sporting or recreational activities, or to pursue amusement interests. It includes museums, racing, gambling activities, performing arts, zoos and fitness centres.

By 2027-28, it is projected* that there will be:

47,679 people employed in arts and recreation services in Queensland

+2,085 additional people employed since 2023-24

*Projections are based on the 2024-25 State Budget and are not directly comparable to subsequent Budget Update forecasts for aggregate employment growth. As these projections are high level, indicative and subject to change, it is recommended that the focus be on employment trends rather than the numbers in isolation.

By 2027-28, employment in arts and recreation services is projected to have the sixth-fastest growth of all industries in Queensland.

A relatively small proportion of regional workers are employed in this industry, with the highest proportion in the Gold Coast region.
