#FutureWork

### Future work, future jobs

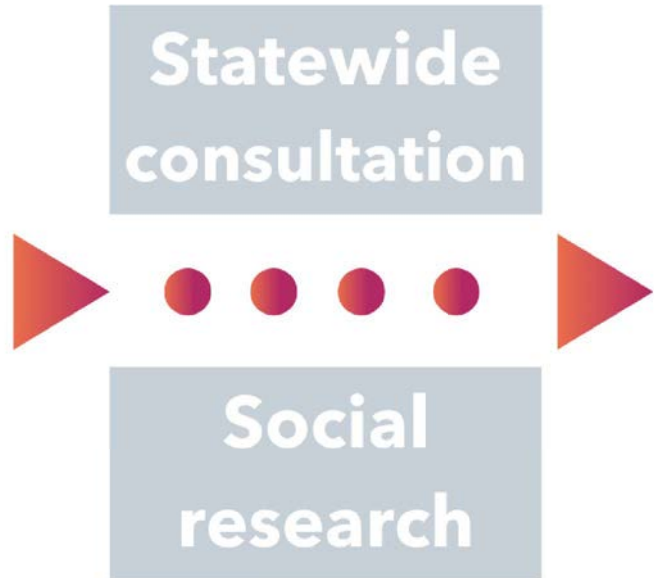

Preparing Queensland for the evolution of work

Embracing our *future*

BUILDING QUEENSLAND'S WORKFORCE

# Future work, future jobs

# Change is inevitable, however we can manage transitions

Builds upon...

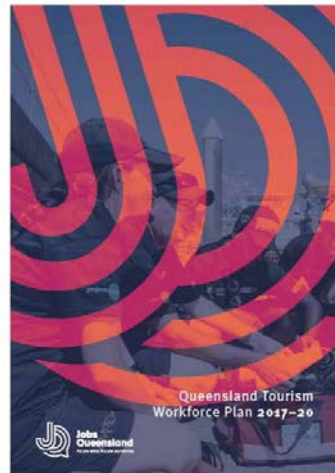

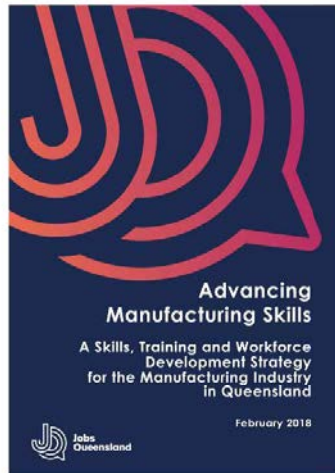

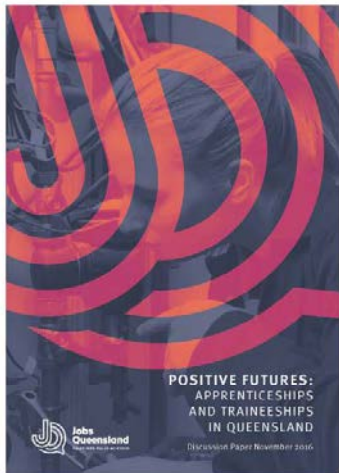

# Skills drive economic and social prosperity

Builds upon...

# Access to quality work is essential

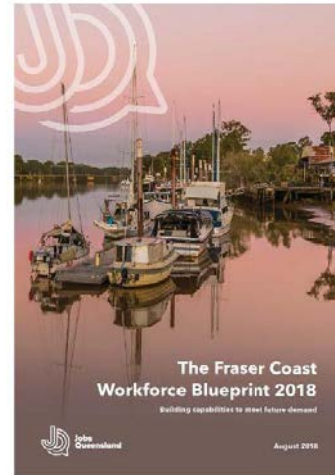

Builds upon...

# Place-based leadership creates stronger regions

Builds upon...

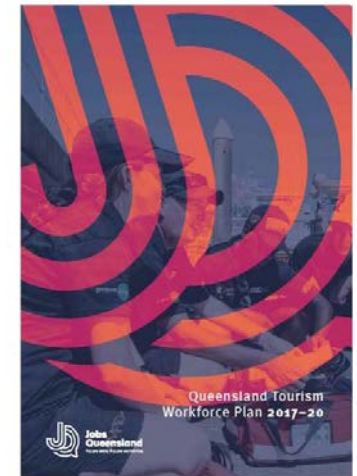

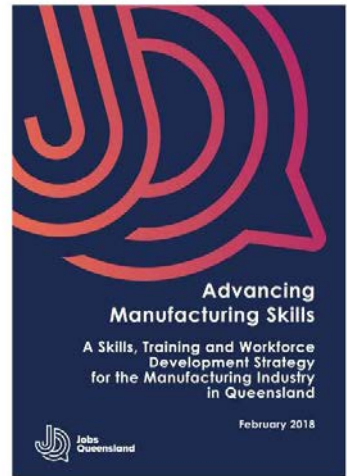

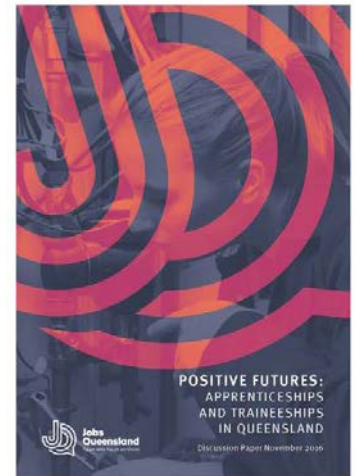

# Lifelong learning and skills attainment underpin Queensland's future

Builds upon...

**IMPACT / OUTCOMES**

- 22 recommendations from the report supported by the Queensland Government
- Through the \$1 million Advancing Apprentices Fund, 10 projects delivering campaign activities across priority industries

**IMPACT / OUTCOMES**

- Jobs Fraser Coast established to oversee the implementation of the action plan
- Jobs Fraser Coast represents a successful model to build on for future placed-based approaches
- Findings and identified actions are informing the delivery of the Regional Skills Investment Strategy in the Fraser Coast

**IMPACT / OUTCOMES**

- Influential in driving the strategic thinking associated with the Future of Work Skills and Industry Summit
- Providing evidence to underpin a range of policy initiatives, including the Skills for Queensland strategy
- Underpinning industry and regional workforce planning activity

**IMPACT / OUTCOMES**

- Advanced Manufacturing Ipswich Roundtable established to support implementation of actions
- Findings and identified actions are informing the delivery of the Regional Skills Investment Strategy in Ipswich

**IMPACT / OUTCOMES**

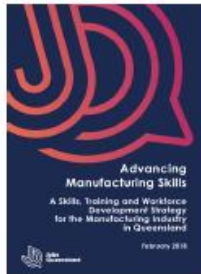

- Informing a number of Queensland Government policies and programs such as Just Transition, implementation of the Queensland Climate Transition Strategy and ongoing climate transition policy development

**IMPACT / OUTCOMES**

- Helping to build the workforce planning capability of Queensland businesses

2018 JULY AUGUST OCTOBER NOVEMBER DECEMBER 2019 FEBRUARY MAY

**IMPACT / OUTCOMES**

- All 10 priority actions supported in principle by the Queensland Government
- Manufacturing Skills Working Group established to oversee the implementation

**IMPACT / OUTCOMES**

- Tourism Working Steering Committee established to support the implementation of recommendations
- \$3.6 million over three years for tourism training and support initiatives, in addition to the \$40 million under the Annual VET Investment Plan to develop tourism and hospitality skills
- Extension of the Young Tourism Leaders initiative
- Under the Skilling Queenslanders for Work initiative, \$25.8 million invested to create over 6000 training places for participants in the tourism, travel and hospitality industry

**IMPACT / OUTCOMES**

- Findings and recommendations are informing Queensland Government strategies such as the NDIS Training and Skills Support Strategy and VET investment

**IMPACT / OUTCOMES**

- Research from this work has provided an evidence base for skills and employment policy, including the Skills for Queensland strategy
